

## The Important Feature of a Refrigerator

Is its ice saving qualities. The difference in the amount of ice a cheap refrigerator will consume over the amount a good one will consume in one season will more than equal the difference in price.

### THE WISCONSIN PEERLESS

WHITE ENAMEL LINED

Is the cheapest because it is the best. It will not consume near the amount other refrigerators do because it has SEVEN WALLS of the best non-conducting material known. It is perfectly sanitary. All flues can be removed for cleaning and the enamel lining is a ways white.

Buy a Wisconsin Peerless and Your Ice Bill Will be Small.

WILL BE OPENED AS SOON AS POSSIBLE.

Visit Made There Today to Prepare a Plot so Lots May Be Sold When Desired.

This morning Mayor D. A. Yeiser, City Engineer L. A. Washington and the joint cemetery committee went to the new cemetery property for the purpose of looking over it.

The present cemetery has been well filled with graves and in the colored portion all ground has been sold, leaving no place for the burial of bodies. Mayor D. A. Yeiser saw that something had to be done and called the committee together and instructed the city engineer to go ahead and plat the property and within a few days the city hopes to begin the sale of lots in the new property.

The committee rented part of the property for a tobacco storage barn, and some was staked off for graves. The committee hopes to be in a better position to use the property next year.

### THE QUESTION OF BRUSHES

In our store amounts to this: "the better the bristles, the higher the price." The handle of a brush doesn't matter so much, for, if it is substantial and well finished it fills all requirements.

### BUT HOW ABOUT THE BRISTLES?

We have the biggest stock of brushes in Paducah, all selected with an eye to the quality of the bristles.

### Our Dollar Hair Brush

For general family use is the greatest friend-maker in our store.
